

BRICK PAVERS

Valentine's Day is right around the corner. Thinking about what to get that special person? What an honor & lasting gift to have a brick paver with a personal inscription on it. A gift that would be a reminder to you & everyone who passes that you are thought of in a special way. Not only will this be an outward expression of love for someone, but you will be financially supporting our parish & all the goodness & love we attempt to extend to others. Think about it. We could use your help. We can also provide an acknowledgement card if you like. Thank you for all you do.

We appreciate each & everyone one of you. The Fund Raising Committee
