

Being fully pro-life?

Our fractured news media usually present one side of a story, so we need to be checking varying sources. Catholic Social Teaching covers respect for life from womb to tomb. Both extreme wings of our political parties cast Catholic support as being pro-life only to for the first 9 months of human life.

So, please be looking at balanced Catholic sources such as The Catholic Advocacy Network. In the latest edition of its *Lansing Update*, we read about *Opposition Effort Against 'Anything Goes Abortion' Petition Formally Launched; U.S. Bishops Urge Action to Understand 'Epidemic of Evil' After Elementary School Shooting; Word from Lansing: Discuss Law Enforcement Reform After Tragic Grand Rapids Death; Foster Care & Adoption Reform Package Gets Approval from House; Bill Protecting Privacy of Human Trafficking Survivors Supported by MCC; This Memorial Day, Pray for Those Who Gave Their Lives.*

Part of our parishes' pro-life effort is to pray and protest against gun violence, pray and protest for equal treatment of suspects under law, and holding media sources accountable for racist propaganda. This week, on Tuesday, the Feast of the Visitation, we will pray at the corner of Mack and Van Dyke at 8 PM and on Wednesday, we will pray at the corner of Jefferson and the Boulevard at 8 PM. Please pray about joining the group. Or pray at home.
