Dominican & Franciscan Spirituality both find a common home in the Ecological Spirituality expressed in Pope Francis' pastoral letter *Laudato Si'*, subtitled "on care for our common home". This retreat sponsored by the Dominican Center: Spirituality for Mission and guided in part by our Franciscan brothers and sisters will recognize the cry of the earth and the poor on the very land now referred to as the westside of Detroit. This retreat will utilize a rhythm of prayer time, presentations, and reflection moments. By the end of our day, we will propose some healing action steps for the care of our "common home".

Speakers:

Ms Doris "Thunder Feather" Allen - Minister DeJuan Bland

Mr. Naim Edwards - Ms Joni Scott
